“Ideas for Caring Clowns in Nursing Homes”

This class will prepare us to meet with nursing home residents in their rooms to brighten their lives, relieve their boredom and make them laugh. We’ll discuss formal and informal guidelines for in-room visits and how to make the best personal connection. We’ll share our own experiences and discuss the satisfaction of cheering a lonely, suffering or confused elder. We will try out various approaches including tricks and gag ideas to determine which would work best with this varied audience. Bring any gags, tricks or props you think a nursing home resident might enjoy.

Then you have the opportunity to try out caring clown skills with the support and companionship of other clowns. Meet in the front lobbies
